

CHEWUCH LOOP

Chewuch Loop

Easy (14 miles) (45 minutes to an hour)

Easy loop ride on quiet roads. Undulating terrain with some short moderate climbs, but generally pleasant riding. Route takes you up West Chewuch Road and then back on East Chewuch Road. The route can be reversed.

For the ambitious, the route can be easily added to by continuing up the Chewuch Road to Andrews Creek (actually about 24 miles from Winthrop- bathrooms are available at the various forest campgrounds on the way), which is a steady climb.

Or for those for whom no ride is complete without some suffering, add Boulder Creek Road- moderate climb or Falls Creek- the local Alp D'Huez- which is very steep at the start and 8 miles or so of constant climbing.
